

Congratulations

PEER TO PEER RECOGNITION

Darius Quick

You have been recognized by MaryBeth Loveless

Darius- I have recently had several families give me feedback on how incredibly helpful you have been. All have described you as quick to respond to their needs, super friendly, and very reassuring when they are stressed out or overwhelmed. I also find the same qualities in you. I am very grateful your hard work for both our families, and our pediatric team. You are amazing, and very appreciated!
