

Congratulations

PEER TO PEER RECOGNITION

Darius Quick

You have been recognized by Megan Katauskas

Darius was on call this weekend and had several calls coming in at the same time I was contacting him about a call/need. Darius handled everything with grace and respect. Darius is always kind and respectful in his communications and he always closes the loop in communication/needs. I have had several patient's comment on how kind and efficient Darius is. Thank you Darius for your dedication to your role in caring for our patients.
